Subject: Re. Prototype of confirmation of Maritak Statuch Change

Dear Vishal,

In Adminn Module RCP, there is one point "In marital status change , voucher creation should be provided on confirm functionality only & need not be a separate option . It needs to be done as per ITM ."

As per discussion in last meeting , please find the attached document which contains screen shots for proposed changes against the point .

Please have a look on the same and confirm whether will it be ok or not .  
After approval , we will start actual development .

Regards  
Piyush
